BOIL WATER NOTICE RESCINDED MAY 10, 2022

On May 8, 2022, the Texas Commission on Environmental Quality required the 439 Water Supply Corporation public water system, PWS NO. 0140076, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by the public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that water no longer requires boiling prior to use as of May 8, 2022.

If you have questions concerning this matter, you may contact Erron Lowry at 254-933-2133.

We thank you for your patience in this matter
