BOIL WATER NOTICE RESCINDED

March 5, 2019

On Thursday, February 28, 2019, the Texas Commission on Environmental Quality required 439 Water Supply Corporation, PWS ID #0140076, to issue a BOIL WATER NOTICE to inform customers, individuals, or employees located **on the north side of Sparta Rd. from Waterworks Rd. to Liberty Oaks Blvd. in Belton, Texas**, that due to conditions which occurred February 28, 2019, in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

439 Water Supply Corporation has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of March 5, 2019.

If you have questions concerning this matter, you may contact Erron Lowry at 254-613-3100.

We thank you for your patience in this matter.
